AGU FAIR data policy and author guidelines

#Huixin Liu

None

As many SGEPPSS members have already experienced, data citation and data publication are required at paper submission to many scientific journals, including all AGU journals. As an editor of AGU's Space Weather journal, I would like to briefly talk about AGU data policy in general, and the current situation and policy of Space Weather in particular, with some author tips.

近年多くの SGEPPSS 関係者が実感しているように、論文投稿に際してデータ引用や公開を求められることが多くなった。AGU Space Weather 誌の Editor として見た Space Weather 誌の現状・ポリシー、AGU のデータポリシー、著者ガイドラインと Tip などについて短い話しをする。
